

Activity #1 - Introducing Media Forms

Goal: to assess students' background knowledge and to have students identify examples of simple media text.

Teacher Suggestions

Page Reference

1. Prior to beginning the unit on Media Literacy:
 - Send home the letter to parents informing them of the unit. 7
 - Set up a small class display/bulletin board to show examples of print media. Add to the display as the unit progresses. Use word cards to match up to concrete objects. 9-10
2. **Beginning the Unit:**
 - Introduce the term “media” and explain that we use media forms to send messages to each other. Ask students to identify print media objects on display. Place word cards with appropriate objects. Discuss words on remaining cards and ask students to bring in examples to add to the display.
3. Explain that there are other forms of media other than print. Use the word/picture cards to illustrate this point. Display cards or use on a chart. 10-14
4. Review the recognition of media forms by making a game of matching the words and the pictures.
5. **Optional Activities:**
 - i) The Word Search puzzle will provide further reinforcement of vocabulary skills. 15
 - ii) Can You Find Me? visual discrimination: hidden pictures of media forms 16
 - iii) Media Match: vocabulary and picture match: make one (or more) sets of vocabulary cards and media pictures for an activity for language learning center. 17-18
